# The Serengeti Safari

Start/End: Arusha, Tanzania

Includes: Ngorongoro Crater, Serengeti National Park, Lake Manyara National Park

Days on Safari: 5 nights/6 days

Accommodation Style: Luxury Lodges

Transportation Style: By road (minibus min. 2 max. 6 passengers)

**Day 1 – Lake Manyara Serena Lodge (1 night):** After lunch in Arusha, begin your journey east watching the landscape change before your eyes. See the colorful people in the villages along the way arriving at the spectacular lodge high on the escarpment ridge in time to see the sun set over the lake below. Dinner and overnight at the lodge. LD

**Day 2 – Serengeti Serena Lodge (2 nights):** After breakfast, head down into the valley for a close up look at Lake Manyara National Park. This park has a very high elephant population and you may even get to see them having their daily play in Lake Manyara. This is also a great park to see large numbers of giraffe, buffalo, and primates too, in fact, you should have a good sighting of Sykes Monkeys as well as Baboon and Vervet Monkeys. After lunch back at the lodge depart for the eastern section of the Serengeti National Park, home to some of the most incredible wildlife and scenery. Your elegant lodge that sits high on a hill with breathtaking vistas of the wildlife teeming below, was inspired by a traditional African village with separate rondavel "huts" that house luxury guest rooms.

Dinner and overnight at the lodge. BLD

**Day 3 -** Today you will take 2 game drives – early morning and late afternoon - through the wildebeest, zebra, buffalo, giraffe and many other species – of course, watching for lion, leopard, and cheetah! Return to the lodge for dinner and overnight. BLD

**Day 4 – Ngorongoro Crater Serena Lodge (2 nights):** Another early morning game drive returning to the lodge for lunch. After lunch, drive to the world famous Ngorongoro Crater stopping at the Olduvai Gorge, taking in some natural history of the place believed where man was born. Arrive at the crater - one of the most unique wildlife viewing spectacles in Africa. Your lodge is built into the dormant volcano with the plant and ivy covered native stone blending with its surroundings. Enjoy the sunset from your private deck or the beautifully decorated lounge. Dinner and overnight at the lodge LD

**Day 5** - Today you will spend a full day down in the crater itself. The crater has a great diversity of ecosystems including a savanna and forest area. There is a constant source of water and food for the antelope and zebra so there is no need to migrate. This is also a prolific region to see prides of lion as well. Often there will be a breeding pair and you can watch the interactions between the handsome black-maned males and golden tawny females. If you are very lucky you will be privileged to see Black Rhino! Lunch will be picnic style while watching hippos spouting and snorting.

After a full day in the Crater – watch another incredible sunset from your lodge above the crater.

Dinner and overnight at the lodge. BLD

**Day 6** - After breakfast, drive back to Arusha for lunch. End of tour BL
